

Zoe

Hello St. Andrew's, my name is Zoe and I have unfinished business with the school council! I was on the team for about three weeks when I was in year three before COVID appeared and we all went into lockdown.

This was very annoying, as I have lots of ideas and things I want to do. For you! I am friendly and smiley (after 7:00 o'clock in the morning!) and will always be ready to listen and talk to you, whenever you need. I will take your ideas back to the rest of the council, and teachers, and I hope to be able to grant your wishes where possible. I almost already with the year five and six petition and would love to represent Year 6 in carrying out lots of your awesome ideas. I have plenty of suggestions as well, including a day where all the teachers wear school uniform and reopening Speaker's Corner, maybe for all years!

I do a lot in school, and care very much about St. Andrew's, so I would really like to go back to the school and my amazing teachers and friends. I would love to be a year six school counsellor, and finally finish my unfinished business.
